# INDEX TO VOLUME 9.

	PAGE
Agricultural Research Technique—	
Comparison of Agricultural and Nursery Plots in Variety Experiments ..	207
The Problem of Comparing the Results of Two Unequal Errors ..	211
Allen, J. M.— <i>See</i> Angell, H. R., Allan J. M., and Hill, A. V.; also Hill, A. V., and Allan, J. M.	
Andrewartha, H. Vevers—Thrips Investigation 8: The Influence of Temperature on the Rate of Development of the Immature Stages of <i>Thrips imaginis</i> Bagnall and <i>Haplothrips victoriensis</i> Bagnall ..	57
Angell, H. R., Allan J. M., and Hill, A. V.—Downy Mildew (Blue Mould) of Tobacco: Its Control by Benzol and Toluol Vapours in covered Seed-beds (2) ..	97
Animal Health and Nutrition, Division of—	
A New Laboratory and New Field Station for the Division of Animal Health and Nutrition ..	239
Scientific Papers from the Division of Animal Health published elsewhere than in the Council's Publications ..	213
Apple Investigations—	
Apple and Pear Industry—Grant of £20,000 for Assistance in Research and Other Work ..	137
A Survey of the Vegetatively-Propagated Rootstocks in the Stanthorpe District ..	233
Calcium Deficiency in Apple Trees at Stanthorpe (Q.) ..	235
The Boron Status of South Australian Apples ..	245
Austin, K. M.— <i>See</i> Mackerras, I. M., Fuller, Mary E., Austin, K. M., and Lefroy, H. B.	
Barnard, C.—Citrus Decline in the Murrumbidgee Irrigation Areas ..	163
Beams.—Tests on the strength of Beams notched in various ways ..	88
Benzol—Downy Mildew (Blue Mould) of Tobacco—	
Its control by Benzol and Toluol Vapours in Covered Seed-beds (2) ..	97
Prevention of its Development in Inoculated and Infected Seedlings by Benzol ..	249
Blowfly Problem—	
Further Observations on the Glycerine-Boric Acid Dressings for Fly-struck Sheep ..	11
Sheep Blowfly Investigations: The Effect of Trapping on the Incidence of Strike in Sheep ..	153
Blue Mould of Tobacco— <i>See</i> Downy Mildew	
Borers—	
The Preservation of Timber against the Attacks of the Powder Post Borer ( <i>Lyctus brunneus</i> Stephens) by Impregnation with Various Chemicals ..	37
An Early Occurrence of <i>Lyctus</i> or the Powder Post Borer in Victoria ..	142
Boron—The Boron Status of South Australian Apples ..	245
Bulletin of the Imperial Institute ..	322
Calcium Deficiency in Apple Trees at Stanthorpe (Q.) ..	235
Caustic Soda—A Note on the Use of Caustic Soda as a Dispersing Agency in The Mechanical Analysis of Soils ..	321
Chinese National Agricultural Research Bureau ..	69
Citrus Decline in the Murrumbidgee Irrigation Areas ..	163

## INDEX—continued.

	PAGE
Citrus Preservation. A Preliminary Report on Methods for the Preservation of Orange Juice .. .. .	29
Cohen, W. E.—Methods for the Analysis of Preservative-treated Timbers ..	1
Cornish, E. A.—See Trumble, H. C., and Cornish, E. A.	
Cummins, J. E.—A Field Identification of Sapwood from Truewood in Durable Hardwoods .. .. .	140
Cummins, J. E., and Wilson, H. B.—The Preservation of Timber against the Attacks of the Powder Post Borer ( <i>Lyctus brunneus</i> Stephens) by Impregnation with Various Chemicals .. .. .	37
<i>Cydia molesta</i> —The Oriental Peach Moth in the Goulburn Valley (Vic.) ..	320
Downy Mildew (Blue Mould) of Tobacco—	
Its Control by Benzol and Toluol Vapours in Covered Seed-beds ..	97
Attempts at Control by the use of (i) Sprays, and (ii) Heated Seed-beds ..	220
Prevention of Its Development in Inoculated and Infected Seedlings by Benzol .. .. .	249
<i>Echinococcus granulosus</i> .—A Note of the Development of <i>Echinococcus granulosus</i>	67
<i>Eucalyptus regnans</i> .—A Note on Gum Vein Occurrence in Saplings of Mountain Ash .. .. .	191
Field Stations—	
A New Laboratory and New Field Station for the Division of Animal Health and Nutrition .. .. .	239
Plant Introduction Station—Middle Queensland .. .. .	242
“Firing”—A Heritable Character of Wheat .. .. .	283
Forest Products, Division of—The New Laboratories of the Division of Forest Products .. .. .	317
Free-water Investigations in the South Australian Areas of the Murray Valley	301
Frenay, M. R., Mackerras, I. M., and Mackerras, M. J.—Further Observations on the Glycerine-Boric Acid Dressings for Fly-struck Sheep .. .. .	11
Fuller, Mary E.—See Mackerras, I. M., Fuller, Mary E., Austin, K. M., and Lefroy, E. H. B.	
Geach, W. L.—Root Rot of Grey Peas in Tasmania .. .. .	77
Grasshopper Pest—Investigations of the Council .. .. .	139
Green Manure—A Note on the Effect of Green Manuring on the Water-holding Capacity of Soils .. .. .	65
Greenhill, W. L.—	
The Effect of the Rate of Air Circulation on the Rate of Drying of Timber	171
The Measurement of the Flow of Air through Timber Seasoning Stacks ..	128
The Difference between the Drying Rates at the entering and leaving Air Sides of a Kiln Charge of Timber .. .. .	255
Strength Tests Perpendicular to the Grain of Timber at Various Temperatures and Moisture Contents .. .. .	265
Gum Veins—A Note on Gum Vein Occurrence in Saplings of Mountain Ash ( <i>E. regnans</i> ) .. .. .	191
Hail—A Note on the Treatment of Hail-damaged Sultana Vines .. .. .	315
Heat of Wetting as an Index of Texture in Irrigated Soils .. .. .	295
Hill, A. V.—See Angell, H. R., Allan, J. M., and Hill A. V.	
Hill, A. V., and Allan, J. M.—Downy Mildew (Blue Mould) of Tobacco: Attempts at Control by the Use of (i) Sprays, and (ii) Heated Seed-beds	220
House—Developing the Pre-fabricated House .. .. .	71
Howard, A.—See West, E. S., and Howard, A.	

## INDEX—continued.

	PAGE
Hydatid Disease—A Note on the Development of <i>Echinococcus granulosus</i>	67
Imperial Institute—Bulletin of the Imperial Institute .. .. .	322
Insectary—Heated Insectary for the Council's Division of Economic Entomology	147
Irrigation—	
Irrigated Pastures at Merbein .. .. .	74
The Heat of Wetting as an Index of Texture in Irrigated Soils ..	295
Free-water Investigations in the South Australian Areas of the Murray Valley .. .. .	301
Irvine, C. J.—A Note on Gum Vein Occurrence in Saplings of Mountain Ash ( <i>E. regnans</i> ) .. .. .	191
Laboratories—	
A New Laboratory and New Field Station for the Division of Animal Health and Nutrition .. .. .	239
The New Laboratories of the Division of Forest Products .. ..	317
Langlands, Ian—Tests on the Strength of Beams notched in Various Ways	88
Lefroy, E. H. B.—See Mackerras, I. M., Fuller, Mary E., Austin, K. M., and Lefroy, E. H. B.	
<i>Lyctus brunneus</i> Stephens—	
An early Occurrence of <i>Lyctus</i> or the Powder Post Borer in Victoria ..	142
The Preservation of Timber against the Attacks of the Powder Post Borer ( <i>Lyctus brunneus</i> Stephens) by Impregnation with Various Chemicals .. .. .	37
Lynch, L. J.—A Preliminary Report on Methods for the Preservation of Orange Juice .. .. .	29
Mackerras, I. M.—See Freney, M. R., Mackerras, I. M., and Mackerras, M. J.	
Mackerras, I. M., Fuller, Mary E., Austin, K. M., and Lefroy, E. H. B.—Sheep Blow-fly Investigations: The Effect of Trapping on the Incidence of Strike in Sheep .. .. .	153
Mackerras, M. J.—See Freney, M. R., Mackerras, I. M., and Mackerras, M. J.	
McMillan, J. R. A.—“Firing”—A Heritable Character of Wheat .. ..	283
McTaggart, A.—Productivity in Pasture Species Subjected to Differential Treatment in the Canberra (F.C.T.) Area .. .. .	199
Meat Storage—The Action of Micro-organisms on Fat—	
I. The Hydrolysis of Beef Fat by some Bacteria and Yeasts Tolerating Low Temperatures .. .. .	107
II. A Note on the Lypolytic Activities of Further Strains of Micro-organisms Tolerating Low Temperatures .. .. .	196
The Growth of Micro-organisms on Ox Muscle—	
I. The Influence of Water Content of Substrate on Rate of Growth at $-1^{\circ}\text{C}$ . .. .. .	177
New Zealand—The New Zealand Department of Scientific and Industrial Research .. .. .	72
Orange Juice—A Preliminary Report on Methods for the Preservation of Orange Juice .. .. .	29
Oriental Peach Moth in the Goulburn Valley (Vic.) .. .. .	320
Pastures—	
The Influence of Rainfall on the Yield of a Natural Pasture ..	19
Irrigated Pastures at Merbein .. .. .	74
Productivity in Pasture Species Subjected to Differential Treatment in the Canberra (F.C.T.) Area .. .. .	199
Co-operative Work in Pasture Plant Breeding in Queensland ..	241

INDEX—*continued*.

	PAGE
Peach Moth—The Oriental Peach Moth in the Goulburn Valley (Vic.) ..	320
Pears—Apple and Pear Industry—Grant of £20,000 for Assistance in Research and Other Work .. .. .	137
Peas—Root Rot of Grey Peas in Tasmania .. .. .	77
Piper, C. S.—	
Exchangeable Hydrogen in Soils .. .. .	113
The Boron Status of South Australian Apples .. .. .	249
Piper, C. S., and Stephens, C. G.—A Comparison between Schofield's Para Nitrophenol Buffer Method and the Method of Prescott and Stephens for the Determination of Lime Requirement of Soils .. .. .	125
Plant Breeding—	
Co-operative Work in Pasture Plant Breeding in Queensland ..	241
Plant Introduction Station—Middle Queensland .. .. .	242
Publications of the Council .. .. . 74, 76, 148, 151, 243, 244, 323, 324	324
Radio Research Board—Eighth Annual Report .. .. .	277
Rainfall—The Influence of Rainfall on the Yield of a Natural Pasture ..	19
Ratcliffe, F. N.—Soil Drift .. .. .	142
Research—	
The Chinese National Agricultural Research Bureau .. .. .	69
Fundamental Research by the U.S. Department of Agriculture ..	70
The New Zealand Department of Scientific and Industrial Research ..	72
Apple and Pear Industry—Grant of £20,000 for Assistance in Research and Other Work .. .. .	137
Research Work for Australian Secondary Industries .. .. .	237
National Research in Canada .. .. .	240
National Research in Other Countries .. .. .	241
Reviews—	
" Insect Pests of Glasshouse Crops " .. .. .	74
" Vernalization and Phasic Development of Plants " .. .. .	147
Root Rot of Grey Peas in Tasmania .. .. .	77
Root Stocks—A Survey of the Vegetatively-Propagated Rootstocks in the Stanthorpe District (Queensland) .. .. .	233
Rosel, A.—An Early Occurrence of <i>Lyctus</i> or the Powder Post Borer in Victoria	142
Ross, I. Clunies—A Note on the Development of <i>Echinococcus granulosus</i> ..	67
Scott, W. J.—	
The Growth of Micro-organisms on Ox Muscle—I. The Influence of Water Content of Substrate on Rate of growth at—1°C. .. .. .	177
Scientific Papers—Scientific Papers from the Division of Animal Health, published elsewhere than in the Council's Publications .. .. .	213
Secondary Industries—Research Work for Australian Secondary Industries ..	237
Sheep Blowfly Problem— <i>See</i> Blowfly Problem.	
Silverfish—The Control of Silverfish .. .. .	319
Smith, H. Fairfield—	
Comparison of Agricultural and Nursery Plots in Variety Experiments ..	207
The Problem of Comparing the Results of Two Unequal Errors .. .. .	211
Soils—	
A Note on the Effect of Green Manuring on the Water-holding Capacity of Soils .. .. .	65

INDEX—*continued*.

	PAGE
<i>Soils—continued.</i>	
Exchangeable Hydrogen in Soils .. .. .	113
A Comparison between Schofield's Para Nitrophenol Buffer Method and the Method of Prescott and Stephens for the Determination of Lime Requirement of Soils .. .. .	125
Soil Drift—A Report by Mr. F. N. Ratcliffe .. .. .	142
The Heat of Wetting as an Index of Texture in Irrigated Soils .. .. .	295
Free-water Investigations in the South Australian Areas of the Murray Valley .. .. .	301
A Note on the Use of Caustic Soda as a Dispersing Agent in the Mechanical Analysis of Soils .. .. .	321
Sprays—Downy Mildew (Blue Mould) of Tobacco. Attempts at Control by the Use of (i) Sprays, and (ii) Heated Seed-beds .. .. .	220
State Committees—Headquarters for State Committees in New South Wales and Queensland .. .. .	242
Stephens, C. G.— <i>See</i> Piper, C. S., and Stephens, C. G.	
Sulphuring the Sultana Vine .. .. .	313
<i>Sultana Vines—</i>	
A Note on the Effect of Sulphuring the Sultana Vine .. .. .	313
A Note on the Treatment of Hail-damaged Sultana Vines .. .. .	315
<i>Thomas, L. A.—</i>	
A Survey of the Vegetatively-propagated Rootstocks in the Stanthorpe District (Queensland) .. .. .	233
Calcium Deficiency in Apple Trees at Stanthorpe (Queensland) .. .. .	235
<i>Thomas, J. E.—</i>	
A Note on the Effect of Sulphuring the Sultana Vine .. .. .	313
A Note on the Treatment of Hail-damaged Sultana Vines .. .. .	315
Thrips Investigations 8: The Influence of Temperature on the Rate of Development of the Immature Stages of <i>Thrips imaginis</i> Bagnall, and <i>Haplothrips victoriensis</i> Bagnall .. .. .	57
<i>Timber—</i>	
Developing the Pre-fabricated House .. .. .	71
A Field Identification of Sapwood from Truewood in Durable Hardwoods .. .. .	140
A Note on Gum Vein Occurrence in Saplings of Mountain Ash ( <i>E. regnans</i> ) .. .. .	191
<i>Timber Mechanics—</i>	
Tests on the Strength of Beams Notched in Various Ways .. .. .	88
Strength Tests Perpendicular to the Grain of Timber at Various Temperatures and Moisture Contents .. .. .	265
<i>Timber Preservation—</i>	
Methods for the Analysis of Preservative-treated Timbers .. .. .	1
The Preservation of Timber against the Attacks of the Powder Post Borer ( <i>Lyctus brunneus</i> Stephens) by Impregnation with Various Chemicals .. .. .	37
<i>Timber Seasoning—</i>	
The Measurement of the Flow of Air through Timber Seasoning Stacks .. .. .	128
The Effect of the Rate of Air Circulation on the Rate of Drying of Timber .. .. .	171
The Difference between the Drying Rates at the Entering and Leaving Air Sides of a Kiln Charge of Timber .. .. .	255

INDEX—*continued*.

	PAGE
Tisdall, A. L.—	
The Heat of Wetting as an Index of Texture in Irrigated Soils .. .. .	295
Free-water Investigations in the South Australian Areas of the Murray Valley .. .. .	301
Tobacco—Downy Mildew (Blue Mould) of Tobacco—	
Investigations—Work on Physiological Aspects .. .. .	73
Its control by Benzol and Toluol Vapours in Covered Seedbeds (ii) .. .. .	97
Attempts at Control by the use of (i) Sprays, and (ii) Heated Seedbeds .. .. .	220
Prevention of its Development in Inoculated and Infected Seedlings by Benzol .. .. .	249
Toluol—Downy Mildew (Blue Mould) of Tobacco: Its control by Benzol and Toluol Vapours in Covered Seedbeds (ii) .. .. .	97
Trumble, H. C., and Cornish, E. A.—The Influence of Rainfall on the Yield of a Natural Pasture .. .. .	19
U.S. Department of Agriculture—Fundamental Research by .. .. .	70
Variety Experiments—Comparison of Agricultural and Nursery Plots in Variety Experiments .. .. .	207
Vickery, J. R.—The Action of Micro-organisms on Fat—	
I. The Hydrolysis of Beef Fat by some Bacteria and Yeasts Tolerating Low Temperatures .. .. .	107
II. A Note on the Lypolytic Activities of Further Strains of Micro-organisms Tolerating Low Temperatures .. .. .	196
Walkley, Allan—A Note on the Use of Caustic Soda as a Dispersing Agent in the Mechanical Analysis of Soils .. .. .	321
Weeds Investigations .. .. .	145
West, E. S., and Howard, A.—A Note on the Effect of Green Manuring on the Water-holding Capacity of Soils .. .. .	65
Wheat—"Firing"—A Heritable Character of Wheat .. .. .	283
Wilson, H. B.,— <i>See</i> Cummins J. E., and Wilson H. B.
